Education

Future University in Egypt

Bachelor of Science in Computers and Information Technology

Cairo, Egypt

Sep 2023 - Present

- L3 Junior Year – General
- GPA: 3.76/4.0

Relevant Courses: Logic Design, Probability and Statistics, Structured Programming, Differential Equation, Discrete Mathematics, Calculus, Data structure, Software Engineering, Database systems, Algorithms.

Skills & Courses

- **Skills and Competencies:**
 - **C++ Programming.**
 - **Statistical Analysis.**
 - **Programming Circuits.**
 - **Logical Thinker.**
 - **Problem Solver.**
 - **A Team Leader and Excellent Communicator.**
 - **Fast Adaptor.**
 - **Eager to Learn and Explore Various Opportunities.**
 - **Java Programming.**
 - **Python Programming.**
 - **Html Programming.**
- **Spoken Languages:** Bilingual: Native in Arabic, high proficiency in English.
- **Courses:**
 - **English Ket Advanced**
Future University in Egypt (FUE)
Spring 2024
 - **Microsoft Office Certificate – Word**

Professional Objective & Future Projections

As a junior majoring in Computer Science, I have developed a strong foundation in programming, data structures, algorithms, and computational problem-solving. Through advanced coursework and hands-on projects, I continue to strengthen my technical skills and deepen my understanding of modern computing systems. My professional objective is to apply computer science principles to design efficient, intelligent, and scalable software solutions that address real-world challenges. I aim to gain practical experience through internships, research opportunities, and collaborative projects that enhance my problem-solving abilities and technical expertise.

• **LinkedIn:** [linkedin.com/in/nada-gharghuti-892609310/](https://www.linkedin.com/in/nada-gharghuti-892609310/)

Looking ahead, I plan to pursue professional roles or graduate studies in technology-focused fields where I can contribute to innovation while maintaining a strong emphasis on ethical practices, system reliability, and continuous learning. My long-term goal is to grow into a skilled computing professional capable of making a meaningful impact on the technology industry.
